# Global Economic Indicators Analytics - Data Dictionary

## Business Context

The Global Economic Indicators dataset contains country-level economic, demographic, social, environmental, infrastructure, governance, and tourism metrics collected across multiple years. The dataset is designed to support economic analysis, policy evaluation, international benchmarking, sustainability studies, and macroeconomic trend analysis. By combining indicators related to GDP, population, healthcare, education, labor markets, infrastructure, environment, and governance, analysts can evaluate economic development patterns and compare performance across countries and time periods.

## Economic Indicators

Table Description

The Economic Indicators table serves as the primary analytical table within the dataset. Each record represents a country in a specific year and contains a broad collection of economic, demographic, infrastructure, environmental, and social development indicators. The table supports trend analysis, country benchmarking, economic forecasting, policy research, sustainability assessments, and development studies.

| Column Name | Description | Unit |
|---|---|---|
| Country | Country represented by the record. | Country |
| Year | Reporting year. | Year |
| GDP (in Trillions USD) | Gross Domestic Product. | Trillion USD |
| GDP per Capita (in USD) | GDP per person. | USD |
| Inflation Rate (%) | Annual inflation rate. | Percentage |
| Population (in Millions) | Total population. | Millions |
| Population Growth Rate (%) | Annual population growth rate. | Percentage |
| Urban Population (%) | Population living in urban areas. | Percentage |
| Life Expectancy (Years) | Average life expectancy at birth. | Years |
| Healthcare Expenditure per Capita (USD) | Healthcare spending per person. | USD |
| Doctor-to-Patient Ratio | Number of doctors relative to patients. | Ratio |
| Literacy Rate (%) | Literacy rate of the population. | Percentage |
| Education Expenditure as % of GDP | Education spending as a share of GDP. | Percentage |
| Internet Penetration (%) | Population with internet access. | Percentage |
| Smartphone Adoption (%) | Population using | Percentage |

| | | |
|---|---|---|
| | smartphones. | |
| Energy Consumption (TWh) | Annual energy consumption. | TWh |
| Renewable Energy Share (%) | Share of energy from renewable sources. | Percentage |
| Military Expenditure (in Billion USD) | Annual military spending. | Billion USD |
| Number of Active Military Personnel | Active military personnel. | Persons |
| CO2 Emissions (Million Metric Tons) | Carbon dioxide emissions. | Million Metric Tons |
| Forest Coverage (%) | Land covered by forests. | Percentage |
